As a reminder, please note that if a child attends an after school club, their siblings should be collected from school at the usual time of 3.15pm, as there is no separate provision to care for siblings whilst clubs are running. Can you also please ensure children are picked up on time from **their specified area**, at 4.15pm; if children are collected late (by more than 10 minutes) on more than two occasions they will, unfortunately, no longer be able to attend and no refund will be issued.

Yours sincerely,

Mrs Gray

Our 10-week after-school program blends creative free-play with hands-on woodworking projects like herb boxes, bird feeders, robots, and more.

Children get a calm, engaging space to create, have fun, and learn a valuable life skill.

## WHY WOODWORK?

Woodwork boosts children's focus, creativity, and problem-solving while building confidence and responsibility. It develops fine and gross motor skills, hand-eye coordination, and numeracy, while encouraging discussion, reflection, and sustainable thinking. Children stay engaged, proud, and inspired through hands-on, meaningful projects.

- Understanding pilot holes, screw sizes, screwdriver bits, and counter-sinking
- Clamping techniques and assembly methods (screwing, nailing)
- Sanding techniques and sandpaper grades
- Accurate measuring with a tape measure
- Basics of joining, planning, and finishing projects
- Knowledge of wood types, grains, knots, and plywood

## WHAT CAN PARTICIPANTS MAKE?

At our 10-week Creative Build Club, children bring their ideas to life—animals, vehicles, decorative pieces, or practical items. They use inspiration from home and enjoy a mix of planned projects, games, art skills, and free-build time.

Returning children will always find fresh, exciting challenges to explore.

"Our child absolutely loves this club! It's the highlight of their week!"
